PROFILE

About Fabrex Co.

Fabrex is an Egyptian textile manufacturing company with roots dating back to 1988, when it was originally established as Family Tex. Over the years, the company evolved through changes in ownership and strategic direction, becoming New Family Tex in 2003, and later rebranding as Fabrex in 2023 to reflect a renewed vision and expanded market presence.

With more than three decades of experience in the textile industry, Fabrex combines heritage expertise with modern production standards to deliver high-quality textile solutions.
